AMENDMENT UNDER 37 C.F.R. § 1.312(a)  
AFTER ALLOWANCE

Sir:

Although the above-identified application has been allowed, applicants respectfully request that the application be amended pursuant to 37 C.F.R. § 1.312(a) as follows:

IN THE SPECIFICATION

On page 6, please replace the paragraph beginning on line 5 with the following paragraph:

Scalable applications include any applications capable of operating on different heterogeneous device platforms. Many scalable applications include the capability to generate a presentation for a display screen of one of the heterogeneous device platforms. Presentations may include one or more pages (or presentation units) of visual material. The visual material may be arranged on the display screen for the user of the heterogeneous device platforms.
